GATEWAY ACADEMY CHILD DEVELOPMENT CENTERS TO OPEN SECOND SCHOOL IN HUNTERSVILLE

(May 2009) Gateway Academy Child Development Center is pleased to announce the June 15th Grand Opening of its new 10,000 new square foot "built to suit" child care center at 12330 Eastfield Road in Huntersville, NC.

"Gateway Academy schools are state of the art child care centers that focus as much on children's well-being as on their educational needs," said Audrey Burton, Regional VP of East Coast Operations. "Our centers are designed specifically with children in mind, from the beautiful outdoor play areas to the bright and cheerful classrooms."

"We are committed to the Charlotte market. This is the sixth Gateway Academy school we have opened, with plans to open two more centers over the next few months," Ms. Burton continued. "We welcome children six weeks to 12 years old, providing innovative age-appropriate educational program and Before and After School care for school age children."

-more-

“We cater to the communities we serve,” Ms. Burton said, “by tailoring the activities specifically to the needs and wishes of our families. Each Gateway Academy has a true neighborhood feel to it.”

Gateway Academy is a member of the family of Mini-Skool Early Learning Centers. Operating since 1969, Mini-Skool is one of the largest privately owned child care and education companies in North America. Today, the company cares for more than 16,000 children every day at over 100 child care centers across the country and Canada.
